On Tues, Feb 27 at 7:30 pm, a rare Heritage Edition of *The Saint John's Bible* will travel from the Cathedral of the Incarnation in Garden City to Trinity Church, Roslyn for a special presentation by the dean of the Cathedral, the Very Rev. Michael Sniffen.

The breadth and scope of *The Saint John's Bible* has been compared to that of The Sistine Chapel. It is the first illuminated, handwritten bible commissioned since the medieval period, and an international team of calligraphers and artists spent fifteen years creating it.

It measures 2 feet by 3 feet, and was produced in the way that Catholic monks made Bibles in medieval times, drawn painstakingly by hand. The calligraphers used quills and ink for authenticity in creating the text, which was written on vellum, or calfskin. A single page could take 8-12 hours of work just for the text.

Though the team used medieval techniques, the illustrations incorporate modern elements such as DNA strands, images from the Hubble telescope and satellite photos of the Ganges River.

This event is free, but space is limited. Please RSVP to Ronit at [trinityroslyn@optonline.net](mailto:trinityroslyn@optonline.net).

DON'T MISS IT!
